## Forest District

---

Our hunting grounds cover over 24,000 hectares of game-rich forests. The picturesque location with a 50% share of fields and the varied course of the Bóbr River, facilitates hunting full of emotions and impressions. Here you will meet fallow deer, medal stags (201.48 CIC points - Polish record) and mighty bulls. The proximity of Zielona Góra and its tourist attractions make your stay in our area even more appealing. In the fall our forests are full of mushrooms and spectacular rutting. For anglers, there are reservoirs in which the multitude of fish will provide an unforgettable experience.
